

**6. Which choice shows the proper way to use a colon? Warnings are written: on the following labels medicines, cleaning products, and some foods. Warning: If taken internally, consult a physician immediately. There is: one thing you should always read a warning label. My doctor said, “Read the label.”**

**Answer 1**

Answer:

**Answer:**

*The answer that shows the proper way to use a colon is **Warning: If taken internally, consult a physician immediately.***

**Explanation:**

A colon basically introduces a word, phrase, sentence or list. Whatever is introduced by the colon is emphasized. In this case, as the sentence introduced is a warning, the colon is very useful to highlight that the following message is important.

**Answer 2**

Answer: The second example because the colon means after the word warning it is telling you what it is.
